FOOTBALL SOLONS ORDER SUBSTITUTE FOR GOAL FROM TOUCHDOWN

NEW PLAY BOUND TO FURNISH THRILLS

CHECK FOR SHIFT PLAYS

Provision Is Made to Stop Move Before Ball Passes.

By W. O. MCGEEHAN.

After lengthy night and morning essions at the Bilmore the football committee of the Intercollegiate Athletic Association passed some imortant changes. The most startling was the adoption of Major Charles Daly's substitute for the goal kick fter touchdown.

The new rule as adopted by the committee is as follows:

"Goal after touchdown. When "Goal after touchdown. When a truchdown has been made the side scoring the touchdown has possession of the bail anywhere on or outside the five yard line for scrimmage, from which by any legal play as from an ordinary scrimmage, pass or kick or run they may score a field goal or a touchdown and that score of any character shall not them one point. Hitherto the matter of fact kicking of the goal by one man has been nothing very exciting to watch.

Tricky shift plays are guarded against in a new rule which will read to this effect:

"Shift play—In all shift plays both feet stationary on the ground is interpreted to mean that sufficient momentary pause occur. This is to admit of officials seeing that the play is legal and that the ball was not snapped while the men were in motion. It is the intention of the rule that when a man shifts to a new pocition he shall come to a full stop, so that all momentum is lost, and make a new start from a position of rest when the ball is put into play."

Further attempts to do away with unaccessary roughness are evident in the new definition of "clipping" which will be written into the rule books. This innovation reads:

COLLEGE COACHES TALK OF FOOTBALL

Some Favor New Rule Placing Ball in Scrimmage, Others Are Skeptical.

SRACUSE, N. Y., March 11 .- Coach John Meehan of the Syracuse University football team declared this evening that he pelieves the scrimmage feature in the new football rules will benefit the game

instead of one in the scoring after a touchdown," he said, "and that will certainly add intereset to football." EUGENE, Ore., March 11.—"Shy" Huntington, coach of the University of Oregon football teams, was not enthusiastic over the new rule adopted by

the rules committee in New York to-day. "This placing the ball in scrimmage for a single point will tend to delay the game," he said.

Columbus, Ohio, March 11.—Dr. John W. Wiles, football coach at Ohio State University, declared to-day that the new football rules abolishing a try for goal after a touchdown should result in "more offensive strategy" which in turn should make a more spectacular game.

only part way. Jones frankly declared that all coaches had been sending in substitutes to carry orders for particular plays and by doing this they were desfroying initiative on the part of the players.

The new rule reads: "A player taken out in one half cannot return to the game in the same haif, but can go back later and not necessarily at the beginning of a period."

This will put some check on the habit of sending men in and out with instructions from coaches at critical points in the game, but it does not thoroughly eliminate the evil pointed out by Tad Jones. This will be ended entirely when the coaches and the authorities agree to held to the spirit of the game and keep the agreement.

Fix New Penalty.

The committee fixed the penalty against a team making a forward pass when a player of that side interferes with a player on the opposing side in any manner until the ball is touched excepting in an actual attempt to catch or bat the ball to fifteen yards and a down.

The kickoff rule has been changed so that if the winner of the toes selects the goal the other team will have the wint to choose hetween kicking off as a change.

Andy Smith, University of California coach, who is representing the Pacific coast at the New York release committee meeting, was instructed by the association before he left for the East last week to vote for such a change. "The Pacific Coast Association favored putting the ball in play on the ten yard line, instead of the five yard line," Huebel said. "I believe now, however, that the five yard rule is better, for if the offensive team desires to try for a goal kick the kicker will be on about the same line he was under the old rule.

The new rule means that the entire team will be able to get into the play after the touchdown. This is desirable, for it is teamwork that we aim to cu

Harry Frazee Tells of Record Offer for Dugan

BOSTON, March 11.—Harry H. Frazce, president of the Boston Americans, says he has turned down a proposal for a player's purchase that would surpass ahothers of the kind.

"I have been offered and have refused more money for Joe Dugan than I roceived for Babe Ruth," was the statement attributed to him by newspaper men at Hot Springs, Ark, the Red Hox training camp.

In figures, that was taken to mean that approximately \$150,000 was placed as the value of the shortstop who came to the Boston club during the winter in a three cornered trade, after making his mark as a member of the Athletics. Frazee has been credited with having received between \$125,000 and \$150,000 for Ruth.

Frazee said Dugan would not sold. He would not indicate tource of the offer.
